The Plovdiv Chamber of Commerce and Industry is a leading business support organization in the Plovdiv region of Bulgaria. It represents companies of all sizes coming from different economic sectors and provides services for local businesses.

WE ARE DEDICATED TO BUSINESS

The Plovdiv CCI actively works to:

- Protect the interests of the business community and assist entrepreneurs in their start-up, development, and global expansion.
- Support the digital transformation, innovation process, and green transition in the local companies.
- Promote the Plovdiv region as the top investment destination on the Balkans; attract and support investors of all sizes.
- Support regional and municipal councils in policy-making for industrial development and enhancing the local business environment.

We have more than 30 years of experience in:

- Business consultancy: legal, financial, and marketing issues
- Organization of events, company missions, B2B meetings, seminars, and trainings
- Administrative support and verification of export/import documentation
- Assistance for innovation and technology transfer
- Business support services through Enterprise Europe Network

We are in daily contact with:

LOCAL COMPANIES

via services, business events and webinars, social media and face-to-face contact

STAKEHOLDERS

such as local authorities, educational entities, branch associations, and other related bodies
